NEXT NETT JOURNAL CLUB APRIL 21

The NETT Journal Club encourages thoughtful discussion of current issues in emergency medicine with a special emphasis on neurological emergencies. The Journal Club meets the **3rd Wednesday of every month at 1:00 PM EDT** in the NETT virtual conference room. Journal topics for each month can be found on the NETT website at

<http://sitemaker.umich.edu/nettjournalclub/>

PLEASED TO MEET YOU...

Samkeliso Mawocha
NETT ALIAS2 Site Manager
ProTECT™ III Project Monitor
University of Michigan

Samkeliso (“Sam”) obtained her undergraduate degree from the University of Western Ontario in London, Ontario and is completing a graduate degree at Eastern Michigan University in Ypsilanti, MI. She lives with her cat, Mango Jebediah, in a newly renovated loft in a historical building in downtown Ypsilanti. A proud new auntie, Sam is enjoying spending time with her beautiful baby niece, Kaya. In June, Sam will be heading to South Africa for the FIFA Soccer World Cup- just 70 days to go!

Andrace DeYampert
POINT Project Monitor
ProTECT™ III Project Monitor
University of Michigan

Andrace is the NETT’s newest Project Monitor. Prior to joining the NETT, she served as a Clinical Monitor for the chemoprevention group at the University of Michigan and the University of Leicester in Leicester, England. She also served as a monitor with the early Detection Research Network and Community Clinical Oncology Program. In addition, she was also the Project Manager for several clinical trials. In her spare time, she enjoys reading, dancing, Broadway plays, tubing, and listening to her four-year old sing “We are the World”. Andrace volunteers as a gymnastics coach, signs for the Deaf Ministry at her church, volunteers at a local homeless shelter, and serves as the President for the Association of Black Professionals, Administrators, Faculty and Staff at the University of Michigan.

Harriet Howlett-Smith, RN, CCRC
Hub Study Coordinator
ProTECT™ III Project Manager
Emory University

A self-proclaimed work-a-holic, Harriet is the familiar voice of all things that have to do with the Emory Hub and ProTECT™ III. She has been a Registered Nurse for 29 years. In 1993 she became a Research Coordinator, and then from 1998 to 2001 was the Project Manager for the Warfarin-Aspirin Symptomatic Intracranial Disease Trial. Harriet is originally from Memphis, TN, but has been living in Atlanta, GA for 15 years. She has two daughters, two cats

and 1 dog. Harriet has a unique hobby - riding her Harley Davidson - as well as, spending time with her daughters, boyfriend and friends.

Platelet-Oriented Inhibition in New TIA Trial
Principal Investigator: Clay Johnston, MD

Are you POINT certified?

You can now access the POINT Resources and Training page. All POINT certifications will be available on this page. However this page has restricted access and you will need to use your UM Friend Account to access the page.

Be sure to visit the POINT Resource and Training page today!

Progesterone for the Treatment of Traumatic Brain Injury

ProTECT™ III Principal Investigator: David Wright, MD

A big thank you goes out to all who were able to attend the ProTECT III Investigator Meeting last week. We hope the meeting added to your enthusiasm for the project. Effective March 22nd, Emory University's Grady Hospital became the first site to open for enrollment. Still no study patients, but three potentials have been screened in the first week alone, so it's only a matter of time! We look forward to updating you soon with tips for the enrollment process, and hope to start activating other sites over the next few weeks.

REMINDER – If you expect to be ready to enroll within the next six weeks and have not already scheduled a pre-activation site visit, please contact Harriet Howlett-Smith (hhowlet@emory.edu) ASAP to schedule a visit. Travel schedules are filling up fast!

Visit the ProTECT website at
<http://www.protectiii.com>

General Reminders

- You need a **UM Friend Account** to access restricted pages on the NETT and NETT studies' websites. You can create an account at <https://friend.weblogin.umich.edu/friend>.
 - Enter your e-mail (this will be your LoginID)
*Please send Joy Pinkerton (joypink@umich.edu) your e-mail so that she can add it to the access list -an essential step in you accessing a restricted-access page.
 - You will receive an e-mail to create a password.
 - Once you create your password you will receive an e-mail confirmation that the account is active and ready for use.
- If you have a new team member please refer to the **New Team Member Information** page on the NETT website for some important information (http://www.nett.umich.edu/nett/new_team_member_information).
- Be sure to complete all the **Training** that each study requires (i.e., mRS, NIHSS, study-specific protocol, WebDCU data training, etc.).

*Look for Updates On
Enrollment In the monthly

NETT NewsFlash*

PUBLICATIONS CORNER: OUR INVESTIGATORS AT WORK

We are interested in your recent publications! Please send Joy Pinkerton (joypink@umich.edu) the article citations and she will add them to the **Publications Corner** on the NETT website (http://nett.umich.edu/nett/publications_corner). This is another great resource to share with others the important work happening in the NETT Network!
