New Data Training Requirements for WebDCU™

Study team members who will be performing data entry for **any NETT trial or uploading regulatory documents** must be assigned to the 'Data Entry' role in the Project Spoke Team Member table. Such study team members will often be assigned to more than one role in the study database (e.g., Co-Investigator and Data Entry). Additionally, study team members requesting data entry privileges for WebDCU™ must complete the corresponding data training available on the Education web page at each study's website. Once the appropriate data training certificate is uploaded by a Hub study team personnel with data entry access and approved by the CCC, SDMC will contact the new user with his/her account information.

Data Management Contact Information

Cassidy Conner (new Data Manager for NETT Regulatory, ProTECT and POINT) (843) 876-1105, connerc@musc.edu
Jessica Morgan (Data Manager for RAMPART), (843) 876-1261, morga@musc.edu
