**Welcome Renee Kasperek-Wynn, POINT Site Manager!** Renee has worked in the drug development industry since 1998, starting at the former Parke-Davis. She also worked for a large CRO and most recently a small, Ann Arbor biotechnology company. Renee has always worked in operations, study management and monitoring roles. She enjoys playing as much tennis as her schedule and body will allow and spends a lot of time gardening and volunteering as a Master Gardener. Renee and her husband are busy with their 12-year old son's Special Olympic activities and have become more involved in their local special education community over the last few years. She looks forward to getting settled in her new role with the NETT.
