WebDCU™ The WebDCU home screen layout is being updated to improve the system load time and to simplify the home screen navigation. When the updates are implemented, the home screen of each project database will display a small list of main menu buttons. By clicking on each menu button, the sub-menu buttons will expand below.

When you log into WebDCU and see the new layout for the first time, please take a few minutes to get familiar with the layout and site navigation.
