*OHSU WAS AN ORIGINAL SITE IN THE ALIAS I TRIAL AND CONTINUES IN THE ALIAS II TRIAL UNDER THE SAME CONTRACTUAL ARRANGEMENT WITH THE UNIVERSITY OF MIAMI STUDY CHAIR SITE.

POINT: Important Study Drug Information

Study drug expires on October 31, 2012, so the re-supply of the new study drug was shipped from the UCSF central pharmacy the week of July 23rd. Please do not remove the expiring drug from the pharmacy shelf until the new supply arrives. When the expiring drug is marked as such in WebDCU™, please take the physical drug off of the pharmacy shelf so that it can be destroyed per your local pharmacy's drug destruction policies. The new study drug will need to be acknowledged as received in WebDCU™ and placed on the pharmacy shelf.

Note: Sites will be **unable** to randomize new subjects in WebDCU™ after August 2, 2012, until these steps have been taken.
