Quick Diabetes Screening Tip: When determining history, if in doubt, please refer to Q 23 on the FAQ page (https://www.nett.umich.edu/nett/shine_faqs) for guidance. You may also contact the PI on call (1-800-915-7320, ext 1) when actively screening to determine whether a patient has Type 1 or Type 2 diabetes, or is considered to have a diagnosis of diabetes (i.e., patient reported having "borderline diabetes").
