<i>Emmes and OUS (POINT only)</i>	-	1165	-
<i>Ancillary Sites (SHINE only)</i>	-	-	112
TOTAL	143	2396	473

POINT Biomarker Study: Please check expiration dates on all Biomarker kits. Expired tubes should NOT be used to collect specimens. Please discard expired kits per your site's policy. Order replacement kits by completing the Supply Reorder Form on the back of your Ancillary Biomarker Study Lab Manual and e-mail/fax it to Brittney Whitworth at LabCorp (Whitwob@LabCorp.com). Also, please update your biomarker study site contact person in WebDCU to allow for timely communication with all sites participating. You can do this by clicking on [Site Management] then [Biomarker Study Site] and clicking on the blue number that corresponds to your site in the first column. Here, you will click 'Edit Record' and will be able to update the information.

ATACH-II Imaging: This is a reminder that you can find the "Clinical Site Imaging Procedures SOP" in ATACH-II WebDCU under Project Management > Project Documents > Procedures. Also, please collect ALL images performed from baseline through Day 7 or discharge (if before day 7), including all CT or CTA scans. Please contact Logan Brau for questions (brau0321@umn.edu).
