POINT: WebDCU™ shows a substantial number of outstanding forms and visits. Please help us get caught up. If you receive an email notification regarding “CRF Data Due or Open DCRs,” “Visit Past Due,” or “Screen Failure Log Past Due,” please follow the steps in the email message to identify and resolve the issue(s).

IMPORTANT: For those sites who will be participating in the **POINT Ancillary Study**, we need the **Kit Shipping Information**. Please update the [Project Spoke] table (Lines 7-12), being sure to include the kit recipient’s address, name and phone number. The information currently listed for study drug shipping (Lines 13-20) should remain as is (unless there has been a change).
